

8-26-08

Dear Bill,

I wish to let you know how much I appreciate all that you did for me. You looked out for my well being when I was at Manor Care by speaking on my behalf to the Doctor's and Social Workers concerning my health, and for this I am very grateful.

And, Oh how you helped me when it came time for my discharge, by being there and seeing to all my equipment that I so needed to take home. I always think of you as the man with a halo over his head.

Also I am still presently using the aides that you are providing for me, and I am very satisfied with all of them, and with One Call Homecare.

Sincerely,

Gladys Green
Boynton Beach, FL
